## **DETAILED ACTION**

### ***112 Rejections Withdrawn***

The rejection of claims 1-19 under 35 USC 112, second paragraph, outlined in the previous Office Action, has been overcome by applicant's amendment and arguments. With respect to claims 1 and 12, applicant's arguments have been carefully considered and are persuasive. The examiner is now in agreement with applicant that one of ordinary skill in the art would have known that substituents would be labeled ortho or para in relation to the point of attachment of the ring to the remainder of the molecule. With respect to claims 3, 4, 9 and 15-19, the amendment cancels the claims. With respect to the remainder of the claims, the rejection is now moot.

### ***102 Rejections Withdrawn***

The rejection of claims 3, 4 and 9 under 35 USC 102(b) over WO 02/50017 A1, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment cancels the claims.

The rejection of claims 15 and 16 under 35 USC 102(b) over *J. Med. Chem.* (1990), 33(10), p. 2899-2905, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment cancels the claims.

The rejection of claims 17-19 under 35 USC 102(b) over WO 00/59851, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment cancels the claims.

### ***102 Rejections Maintained***

The rejection of claims 1, 2, 5-8 and 10-14 under 35 USC 102(b) over WO 02/50017A1, outlined in the previous Office Action, is maintained for reasons of record. Applicant's arguments have been carefully considered, but are not persuasive.

Applicant's argument hinges upon the fact that "[a]pplicants claim a process whereby pretreatment of the catalyst is eliminated." The examiner respectfully disagrees. It is well-settled case law that the inclusion of "open" claim language (...*comprising*...) in a claim text encompasses any all steps that may be in addition to those explicitly delimited in the instant claim. Thus, the instant claim as written reads on the cited prior art in the manner explicitly detailed in the rejection, regardless of the prior art's using a pretreatment step, whatever its parameters.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
